We proudly present **ASHIMA** as another brilliant singer at the artist-rooster of Polyglobe Music. On her debut-album „SHUNYATA“ the artist performs meditative Tibetan mantras. Mantras for inner peace and powerful spiritualization. A real highlight on this CD is a spiritual 20 minute-puja-version of the famous Chenresi-Mantra **”OM MANI PEME HUM”**.

Ashima – so called “the voice” – pleases her audience with a new kind of interpretation of Tibetan and Indian mantras with her wonderful voice.

In a most sensitive way the artist understands to create a binding link between the cultures of east and west with her music
